

Books 4 Change Visual Arts Submission Process

Thank you for considering to post your original work to our website!

In order to go through the complete submission process, please be sure to follow the directions and prompt below:

1. Please write a brief paragraph describing your interest and passion in the visual arts. Save this as a PDF file with the name as “Lastname_Firstname_CL.pdf.”
2. Please attach your sample work or attach a link to your sample work and follow these directions:
 - a. Please write about the meaning behind your visual art piece; be sure to describe its story, why you created it, and how it might inspire positive change.
 - b. The post should be no longer than two pages, single-spaced, and 12-point font. Post formatting may be edited but content will be untouched pending review and feedback.
 - c. An effective post is focused around concision and brevity. If you have a lot of different thoughts on your post, we recommend you to produce multiple posts outlining those ideas rather than making one big post with all your ideas.
 - d. Please title your sample work with a creative name.
 - e. Please save your sample work as “Lastname_Firstname_Sample.pdf.”

Once you go through these parameters, please send your paragraph describing why you wish to feature your work on Books 4 Change and your sample work to stevenlee@books4change.net. These should be two separate PDF files.

We look forward to hearing from you!

Steven Lee

Founder of Books 4 Change
